

General Description

Looking into filling a maintenance position on day shift. Need to be a self-starter and able to follow direction and work alone at various times. Job is outside most of the time in all weather conditions. This is a 6:00 am – 4:00 pm shift and includes some Saturday's until noon. Need to have your own standard hand tools; both SAE and Metric.

Mechanic Abilities Needed

- *Preventive Maintenance (i.e. change fluids, filters and grease); perform brake jobs on trucks and trailers

- *Mechanic troubleshooting (i.e. starters, charging systems, AC, coolant systems, etc.)

- *Hydraulic experience a plus

- *Troubleshooting - rebuilding cylinders, pumps, etc.

- *Experience operating forklift, aerial lift & loaders

- *Welding and torching skills and electrical experience all a plus, but not required
